

The Research-Master program Social and behavioral Sciences

The schedule depicts the program structure for the minors **Social Psychology** (left-hand column), **Methodology and Statistics** (central column), and **Social Sciences** (right-hand column). The courses are grouped by *Blocks*, time-periods of approximately two months. Each block consists of 15 ECTS. The background colors indicate the **common courses**, **minor-specific courses**, and **research parts**. **Blue underlined** course titles indicate **methodology and statistics courses**.

Year 1	Social Psychology	Methodology & Statistics	Social Sciences	ECTS
Block 1	<u>Interpersonal Behavior</u>			6
	<u>Networks & Cohesion</u>			6
	<u>Multivariate Analysis (Part I)</u>			3
Block 2	<u>Organizations & Groups</u>			6
	<u>Multivariate Analysis (Part II)</u>			3
	<u>Behavioral Decision Making</u>	<u>Mathematical Methods</u>	<u>Social Networks</u>	6
Block 3	<u>Survey Research & Psychometrics</u>			6
	<u>Experimental Research & Meta Analysis</u>			6
	<u>Programming</u>			3
Block 4	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	3
	<u>First-Year Paper</u>	<u>First-Year Paper</u>	<u>First-Year Paper</u>	12

Year 2	Social Psychology	Methodology & Statistics	Social Sciences	ECTS
---------------	--------------------------	-------------------------------------	------------------------	-------------

Block 1	<u>Presenting Research</u>			2
	<u>Ethics</u>	<u>Ethics</u>	<u>Ethics</u>	1
	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	3
	<u>International Traineeship</u>	<u>International Traineeship</u>	<u>International Traineeship</u>	3
	<u>Structural Equation Models</u>		<u>Intergenerational Relations & Reproduction</u>	6

Block 2	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	3			
	<u>Social Cognition</u>	<u>Analysis of Multilevel and Longitudinal Data</u>		6			
	<u>Emotion & Motivation</u>	<u>Advanced Cross-Cultural Psychology</u>	<u>Categorical Data Analysis</u>	<u>Latent Variable Modelling</u>	<u>Relations between Ethnic Groups</u>	<u>Institutions and Inter-organizational Teams</u>	6

Block 3	<u>Academic writing</u>			1
	<u>Colloquia and Seminars</u>	<u>Colloquia and Seminars</u>	<u>Colloquia and Seminars</u>	2
	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	<u>Intern Traineeship</u>	3
	<u>Master's Thesis</u>	<u>Master's Thesis</u>	<u>Master's Thesis</u>	9

Block 4	<u>Master's Thesis</u>	<u>Master's Thesis</u>	<u>Master's Thesis</u>	15
---------	------------------------	------------------------	------------------------	----

Teaching hours

	Lecture	Workshop Computer Lab	Seminar Tutorial
Multivariate Analysis I	28	28	
Multivariate Analysis II	28	28	
Behavioral Decision-Making			28
Mathematical Methods			56
Social Networks			28
Survey Research and Psychometrics	28	28	
Experimental Research and Meta Analysis	28	28	
Programming SPSS	14	14	
Structural Equation Models	36		
Analysis of Multilevel and Longitudinal Data	28	28	
Categorical Data Analysis	28	28	
Latent Variable Measurement	28	28	

Total = 568
